I believe that Westchester and LAWA are very lucky to have Lisa's talents applied to our projects. I look forward to a future of shared successes under her guidance. Of course our "community team" is pretty great too. Thank you all.

Good Afternoon,

Today's press conference has been pushed back to 2:00 pm. The City Council meeting is running behind. Thank you for your understanding.

Sincerely,

Lisa L. Trifiletti

Subject: LAX Northside Plan Update - Final Hearing and Press Conference

Dear friends,

I hope you are well and having a great day.

I am very excited that the LAX Northside Plan Update will have its final approval action at the Los Angeles City Council on Tuesday, June 14th at 10 am. I wanted to invite you to join us at City Council that day, and invite you to the press conference

that LAWA will be holding together with the Mayor's office and Councilmember Bonin's office at 1 pm in the LAX Northside area. The location of the press conference will likely be near the Westchester LAFD Fire Station #5 (8900 Emerson Ave), but we will confirm the exact location as we get a little closer to the date.

As you know, we have spent several years working together to build a consensus plan that is designed to meet the community and airport needs and a plan that incorporates latest standards in design and sustainability. Because of your support and collaboration, we have already begun a significant planning effort on a key LAX Northside project, the Argo Drain sub-basin underground infiltration facility, which is designed to accommodate future recreational amenities and to improve the quality of stormwater runoff in the Santa Monica Bay.

I personally cannot thank you all enough for ongoing support, for making the effort to appear at numerous hearings, and for your continued dedication and friendship. I am looking forward to celebrating the major project milestone, and hope you can join us on June 14th!

Please RSVP as soon as possible so we can make the proper arrangements.

Thank you,

Lisa

Lisa Trifiletti

Deputy Executive Director, Environmental Programs Group
